425 | GrandView

Westeck introduces the next generation of patio door systems for the modern home owner. The 425 and GrandView patio door's provide clients with unmatched design flexibility. The 425 Patio Slide offers XO, OX, OXO, and OXXO configurations. The GrandView MultiSlide offers configurations XXO, OXX, XXXO, OXXX and XXXXO for the ultimate in a large patio opening. The same panel design on both systems provides a uniform aesthetic allowing the two systems to be seamlessly integrated on the same project. This system allows the client to open up their home with large unobstructed expanses bringing the outside in. With tested sizes up to 20' wide and 9' tall, **the options are endless!**

Opening Options

Choose to have 1 to 4 panels open depending on your space and preference.

Thermal Performance

Warm edge technology, standard dual argon filled and optional triple pane IGUs maximize thermal and acoustical performance.

Handles that Compliment

The 425 Patio Slide offers a standard and premium multi point locking handle options. As a standard the Intuition, self-actuating handle is offered in either white, bronze, silver, black or brushed nickel. The premium Flush Handle is available in either white, black or brushed nickel. Both handles come non keyed but can be keyed upon request. The GrandView MultiSlide comes exclusively with the premium Flush Handle option.

Heavy Duty Rollers

The heavy duty rollers utilize large diameter rollers and all stainless steel components for improved ease of use and long term corrosion resistance.

Sill Options

On the GrandView MultiSlide choose between clear or dark anodized sill tread and roller track to compliment your design while providing added durability. The 425 Patio Slide offers a vinyl sill cover and clear or dark anodized roller track.

Color

Color your product in exterior only or full finish using RAL specification, your choice of customer colors or one of Westeck's broad range of standard colors.

Innovative design and modern engineering have come together to produce the most ergonomic, intuitive solution for sliding doors ever invented. Featuring our state-of-the-art ONE-MOTION® operation, the patented INTUITION® sliding door handle offers the ultimate in comfort and convenience for the homeowner. Unlike any other sliding door solution, the INTUITION® features an ergonomic ONE-MOTION® operation – it allows the homeowner to unlock and open the door in a single fluid motion; in reverse, the door closes and locks in the same single fluid motion.
