## WINDOWS & DOORS

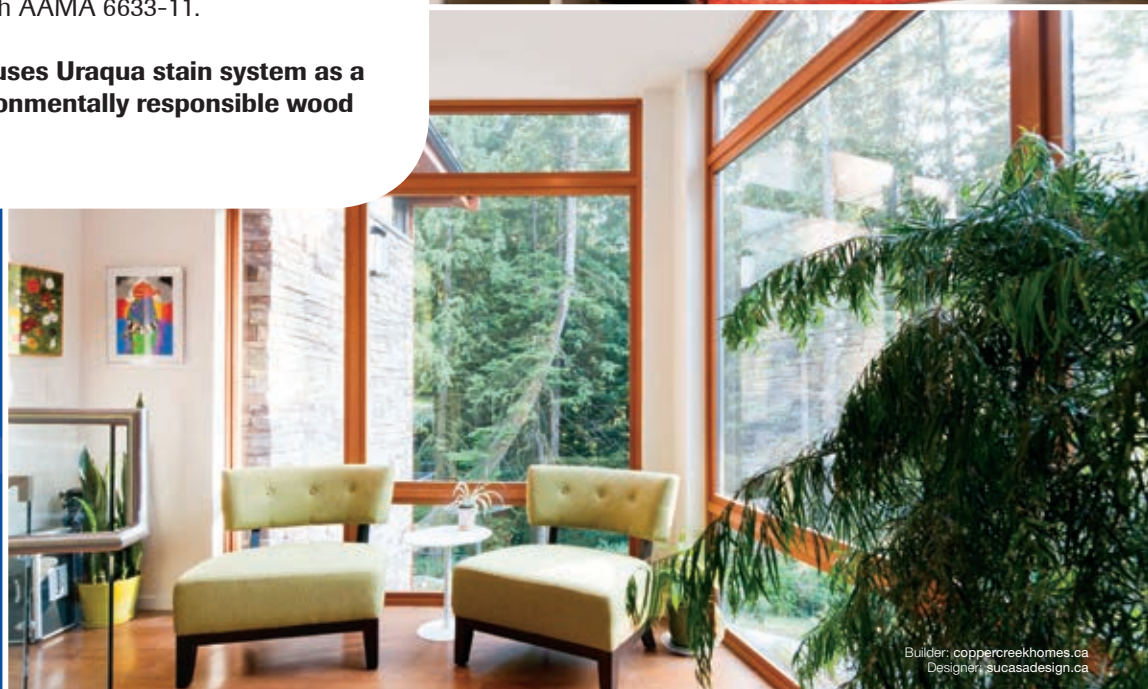

Wood windows and doors are a distinguished choice for discerning buyers. In order to maintain their function and natural beauty, wood products require protection from UV rays, water, humidity, heat and air pollutants. Westeck Windows & Doors uses Laurentide's Uraqua stain system to maximize your product's protection.

Uraqua stain is made of an infrared reflective pigmentation top coat with a urethane-acrylic clearcoat containing UV absorbers. It is highly durable, and provides a beautiful smooth finish. It contains low VOC Volatile Organic Compounds and is isocyanate free. It complies with AAMA 6633-11.

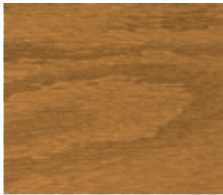

**Westeck Windows & Doors uses Uraqua stain system as a high performance and environmentally responsible wood protection solution.**

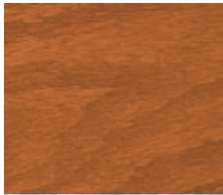

# Woodstain Finishes

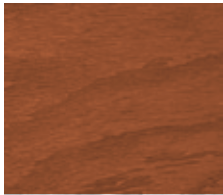

Woodstain finishes on simulated oak.

Pine  
770-123A

Golden Teak  
770-127A

Chestnut  
770-128A

Mahogany  
770-129A

UV Clear  
399-350

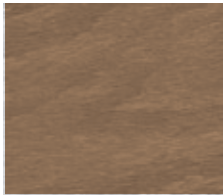

Oak  
770-125A

Pecan  
770-120A

Fruitwood  
770-126A

Ash  
770-133

Teak  
770-130A

Rosewood  
770-132A

Walnut Brown  
770-121A

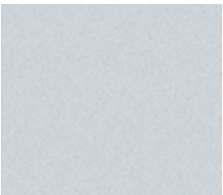

Acorn Brown  
770-131A

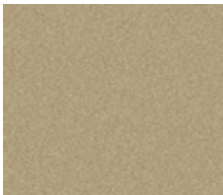

Classic Grey  
770-135

# Anodized Effect

Clear Anodized Effect  
00015

Champagne Anodized Effect  
78003

Medium Bronze Effect  
68002

Dark Bronze Anodized Effect  
68001

Anodized Effect is available for Aluminum Cladded products only.

Color coordinate all your window and door products using RAL specification, your choice of custom colors, or Westeck's broad range of standard colors.

E-Coat Colorwise Performance Vinyl is the North American pioneer and leader in water-based coating and staining technology. It is backed by a 20 year industry leading color warranty on vinyl products. Colors are formulated with heat reflective pigments to minimize heat gain for dark colors.

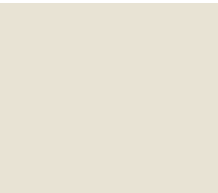

These finishes are considered non-hazardous by EPA Standards and exceed environmental and performance (AAMA 615) standards. They are nontoxic and free from Lead, Isocyanate and NMP.

**Westeck Windows & Doors uses E-Coat Colorwise Performance Vinyl Diamond Coat applications as a high performance and environmentally responsible color solution.**

All color chips are affected by age, light and heat. The chips on this card may vary slightly in color from the actual stain or paint. Colors will also be affected by the color and type of wood or substrate to which it is applied.

## About Us

Westeck is a premier manufacturer of windows and doors. All major North American and European windows and doors are locally manufactured and proudly displayed in seven well-appointed showrooms including Vancouver, Kelowna, Calgary, Victoria, Nanaimo, Chilliwack and now Seattle. We also have an extensive dealer network throughout North America. Each window and door is built to order; our customers have the freedom to design and create a product that is unique and personal.
